TECHNICAL

- Discrete sensor design features one of the smallest and most reliable solenoid sensors available
- Advanced sensor technology cycles off after 4 minutes: perfect for hand-washing or forgetful kids
- Use the handle anytime for standard operation or to adjust water temperature
- Two-function spray adds versatility to cleaning tasks
- Sleek Stainless Steel finish coordinates beautifully with popular appliances and maintain their brilliance for years to come
- Durable brass construction is built to last, even in hard water situations
- Convenient single hole drop-in installation in decks up to 2-13/16 in. thick
- All-in-one sensor design improves reliability
